May 6, 2024

Dear Hartford Community,

As you may have already heard, on April 15, 2024, both the school budget and bond passed. We would like to take a moment on behalf of the administrative council to express our profound gratitude for your support of our students, staff, and schools. We appreciate the generosity of the community and your choice to prioritize the children within the Hartford School District.

Your support of our schools allows us to maintain critical programming for our students, including staff levels that allow for the high quality of instruction and school culture that we know is valued by the community. Despite some of the difficult budget reductions that had to be made, we are continuing to put structures into place that will allow us to further our objectives related to district-wide initiatives such as equity, Multi-Tiered Systems of Support, curriculum alignment, and the social emotional well-being of our students. The bond will allow for crucial safety and structural improvements to facilities and infrastructure across the district.

Please access the Hartford School District website where we showcase some of the amazing work that has been occurring throughout the district that will highlight the positive social and academic learning experiences that students and staff have been engaged in together.

We recognize that this was a challenging time for our community, and we invite you all to communicate and collaborate with us as we continue to work on behalf of the students and families of the Hartford School District.

Thank you, so much, for your continued support of our schools.

Sincerely,

The Hartford School District Administrators Council
