Important Questions	Answers	Why This Matters:
What is the overall <b>deductible</b> ?	\$500 individual / \$1,000 family.  <u>Co-insurance</u> and <u>co-payments</u> do not apply to the deductible.	Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount each <b>plan</b> year before this <b>plan</b> begins to pay. If you have other family members on the <b>plan</b> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> . Your <b>plan</b> year: 01/01/2022 through 12/31/2022.
Are there services covered before you meet your <b>deductible</b> ?	Yes, <u>preventive services</u> , office visits, <u>urgent care</u> , <u>emergency room care</u> and <u>prescription drugs</u>	This <b>plan</b> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>co-payment</u> or <u>co-insurance</u> may apply. For example, this <b>plan</b> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other <b>deductibles</b> for specific services?	No. There are no other specific <u>deductibles</u> .	You don't have to meet <u>deductibles</u> for specific services.
What is the <b>out-of-pocket limit</b> for this <b>plan</b> ?	\$1,500 individual / \$3,000 family. Medical and prescription drug out-of-pocket limits are separate. <u>Prescription drugs</u> : \$1,300 individual / \$2,600 family.	The <u>out-of-pocket limit</u> is the most you could pay in a <b>plan</b> year for covered services. If you have other family members in this <b>plan</b> , they have to meet their own out-of-pocket limits until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <b>out-of-pocket limit</b> ?	Premiums, <u>balance-billing</u> charges, and health care this <b>plan</b> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <b>network provider</b> ?	Yes. See <a href="http://www.bcbsvt.com/findadoctor">www.bcbsvt.com/findadoctor</a> or call (800) 255-4550 for a list of <u>network</u> providers.	This <b>plan</b> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <b>plan's network</b> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <b>plan</b> pays ( <u>balance billing</u> ). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <b>referral</b> to see a <b>specialist</b> ?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .
